About Us...

Indianatile is established by a group of innovative and experienced entrepreneurs. It is into design and manufacture high quality ceramic tiles. Located at MORBI, Gujarat, it boasts of being one of the many different brands in India.

The management of the company is focused on two major aspects of tile markets. The first one is designs. They believe in creating and crafting most stylish and rare tiles. The second one is Quality. Their tiles should perform more than most tiles do in the homes of millions. These two focal points are the guiding principle of decision making in the company leading to excellent products and brand value creation.

The management motivates its team to always be on the top of the game to make customers happy.
